

ATIRE

SKIDSOLID

Our SkidSolid is the genuine maintenance free solid tire solution for Skid-Steers. It is available as complete wheel assembly with both side wall options – aperture and closed.

Open and deep tread pattern with cut resistant compound gives you the maximum traction and lifetime in any Skid-Steer application. Therefore, we call it **ATIRE SkidSolid**.

SIDEWALL OPTIONS

Aperture sidewall for optimized ride comfort. Closed sidewall for hassle free vehicle cleaning.

EXTRA TRACTION

Open and deep tread with mud breakers for maximum traction combined with cut resistant compound.

CEYLON RUBBER

Our tires are manufactured out of Sri Lanka's finest natural rubber.

MADE IN SRI LANKA

Our refined manufacturing process with the finest of Sri Lankan natural rubber has helped us produce millions of solid industrial tires under strict quality control. We utilize only the best chemicals approved by the European Chemical Directive (REACH).

All tires are designed in compliance with European Tire and Rim Technical Organization (ETRTO) and Tire and Rim Association (TRA) specifications to ensure full load capacity and safety standards. Our company is ISO9001:2015, ISO14001:2015 certified and we strive to be carbon neutral by 2023.
